

02 – 06 March, 2015 | Bengaluru, India

### Event Background

The emergence of India as a strong economic power is receiving widespread recognition in the world. On the other hand, although we operate the fourth largest power system in the world, one-third of our population have no access to electricity and our percapita consumption of electricity is one-fourth of the world average! Transmission and Distribution losses in India are also quite high - about 26% in distribution and more than 7% in transmission. Government of India (GoI) and other stakeholders have realized that by implementing incremental improvements in a business as usual scenario we will not be able to provide 24x7 electricity to all households in the country - it requires innovative strategies, breakthrough technologies and bold decisions. In 2013, GoI issued Smart Grid Vision and Roadmap for India; and the newly elected Government in India is committed to provide 24x7 electricity to all households in next 5 years and has recently launched 3 focused programs towards this objective with a total capital outlay of US\$ 14 billion. The new Government has also announced ambitious programs to build 100 Smart Cities on fast track and add 150 GW of renewable energy (100 GW solar and 50 GW wind) generation capacity by 2022! With all these ground breaking initiatives, India has already emerged as the prime destination for Smart Grids and Smart Cities.

**INDIA SMART GRID WEEK (ISGW) 2015** is the first edition of the Conference and an Exhibition that will be organized by **India Smart Grid Forum** (a public private partnership initiative of Ministry of Power, Government of India) with the support of several ministries, government institutions, non-government institutions and multi-lateral agencies from India and overseas.

### Main Objectives of the Event

- Position India as an important emerging market for smart grid and smart city products and services to the international technology companies.
- Provide exposure for utilities, regulators and policy makers in Indian power sector on smart grid technologies, matured solutions and emerging technology trends for the near future.
- Bring World's top most thought leaders in energy sector to share their views on development needs and future technology trends that India could leverage to provide clean energy access to over a billion people.
- Provide a platform for networking and knowledge and technology transfer amongst:
  - Indian utility professionals with their overseas peers who have already implemented smart grid technologies and smart city solutions.
  - Indian industry professionals with overseas technology companies for collaborations and business partnerships.
  - Researchers, consultants and students in India to meet with experts from the industry, academia and research from overseas.
  - Indian technology companies to showcase their products and solutions to potential clients from India and overseas to generate new ideas.
  - Technology start-ups to showcase their products and solutions to potential investors and clients.

02 – 06 March, 2015 | Bengaluru, India

## Structure of ISGW 2015

(Conference and Exhibition Venue: Bangalore International Exhibition Centre)

- **02 March 2015: (1) SMART GRID TUTORIAL & MASTER CLASSES , (2) USA-India Smart Grid Workshop sponsored by USTDA**
- **03 March 2015: Inauguration of the Conference and Exhibition & ISGAN Annexe#6 Workshop**
- **04 March 2015: Conference and Exhibition & a Special Luncheon Round Table on Smart Regulations for Smart Grids and Smart Cities**
- **05 March 2015: Conference and Exhibition & Special Luncheon Round Table for Launch of Smart Utilities Group**
- **06 March 2015: Site Visits – 4 visits are proposed. Delegates, Speakers and Exhibitors may choose according to their preferences:**
  1. Visit to Smart Grid Pilot Project in Mysore (including historical landmarks in Mysore City)
  2. Visit to Southern Regional Load Dispatch Centre (SRLDC) in Bangalore and Control Room of Bangalore Electricity Supply Company (BESCOM) and Central Power Research Institute (CPRI)
  3. Tour of India's Silicon Valley – visits to campuses of some of India's largest IT companies based in Bangalore
  4. Bangalore City Tour (including Nandi Hills)

**(Please note that on 06 March 2015, *Holi*, the festival of colours is celebrated in India and touring around Bangalore and Mysore City will be great fun!)**

Besides the above program, several side events with international development agencies such as EBTC, NEDO, USTDA, USIBC etc are planned during 02-05 March 2015.

## Visionary Speakers at ISGW 2015

Several Nobel Laureates and Great Thinkers / Scientists have been invited as Visionary Speakers in the Special Plenary Sessions at ISGW 2015 and many of them have confirmed their participation.

## Technical Papers

ISGW 2015 call for papers has received 133 Technical Papers. All shortlisted papers will be published and selected papers will be presented in the relevant technical sessions/Technical Papers Presentation Tracks.

## Results

Results of ISGW will be a set of recommendations to key decision makers in Government of India, state governments, regulatory commissions and utilities on way-forward to effectively leverage evolving technologies for developing smart grids and smart cities in India.

## Media Partners

02 – 06 March, 2015 | Bengaluru, India

## EVENT DAY 1: 02 March 2015

1. **SMART GRID TUTORIAL & MASTER CLASSES from 9.30 am to 5.30pm** ( Detailed Agenda on Page #9)
2. **U.S.-India Smart Grid Workshop sponsored by USTDA from 10am to 5.30 pm followed by cocktails** (Please register at: [regonline.com/indiasmartgridbangalore](http://regonline.com/indiasmartgridbangalore))

## EVENT DAY 2: 03 March 2015

Session Time	Session Details	
09:30 – 11:00	<b>Inaugural Session (90 Min)</b>	
	<ul style="list-style-type: none"> <li>– <b>Welcome Address:</b> Pankaj Kumar Pandey, M.D., BESCOM</li> <li>– <b>Special Address:</b> Sandy Sheard, U.K. High Commission</li> <li>– <b>Special Address:</b> M.J.Thomas, Director General, Bureau of Indian Standards*</li> <li>– <b>Special Address:</b> Ajay Mathur, Director General, Bureau of Energy Efficiency*</li> <li>– <b>Presentation of highlights of the Knowledge Paper:</b> Bloomberg New Energy Finance</li> <li>– <b>Release of Knowledge Paper by the Chief Guest</b></li> <li>– <b>Inaugural Address by the Chief Guest:</b> Shri Devendra Chaudhry, Special Secretary, Ministry of Power</li> <li>– <b>Vote of Thanks:</b> ISGF</li> </ul>	
11:00 – 11:15	<b>Inauguration of Exhibition by Chief Guest</b>	
11:00 – 11:30	<b>Tea Break</b>	
11:30 – 13:00	<b>Plenary Session – 1: Smart Grid Projects Update, Lessons Learnt, Business Models and Key Emerging Trends</b> <b>Chair: Shri Devendra Chaudhry, Special Secretary, Ministry of Power</b> - USA: <b>Russell Conklin</b> , ISGAN - Europe: <b>Mark van Stiphout</b> , Deputy Head, Energy Technologies Unit, DG ENERGY, <i>European Commission</i> - Japan: <b>Hiroshi Kuniyoshi</b> , Executive Director, NEDO - S.Korea: <b>Ja-yoon Koo</b> , Ex-Chairman of Regulatory Commission <b>- Developing Countries Perspectives:</b> 1. <b>Henry Steingass</b> , Regional Director for South & South East Asia, USTDA 2. <b>Praveer Sinha</b> , Tata Power Delhi Distribution 3. <b>Ravi Seethapathy</b> , Smart Grid Canada	
13:00 – 14:00	<b>Lunch Break</b>	
14:00 - 15:30	<b>Track A: Future Electricity Grid Supporting Low Carbon Energy Supply and Energy Security</b>	<b>Track B: Smart Energy – Vision for the Smart Grid Evolving Towards Smart Customers and Smart Cities /Communities</b>
	<b>Session A1:Smart Generation and Integration</b> <b>Chair: Tarun Kapoor</b> , Joint Secretary, MNRE	<b>Session B1: Smart Energy Market Design &amp; Regulatory Support</b> <b>Chair: U.K.Panjiar</b> , Chairman, Bihar Electricity Regulatory Commission
	A1.1 Large-Capacity Renewable Energy Generation and Integration Challenges,	B1.1 Introduction: Requirements for a market design supporting Smart Energy: <b>Sudeen G Kelly</b> , Former

02 – 06 March, 2015 | Bengaluru, India

	<p>PV Tariff Design and Way-forward: <b>Owen R.Zinaman</b>, NREL, USA</p> <p>A1.2 Distributed Generation: <b>Nandakumar Pai</b>, Managing Director, Wartsila India</p> <p>A1.3 Protection and Control of Integrated Smart Generation: <b>Sivakumaran Govindarajan</b>, Hindel Power (KEMA/ABB/Schneider/GE)</p> <p>A1.4 Large Scale EU demonstration for Integration of Renewable and Smart (or grid) automation: <b>Rémy GARAUDE VERDIER</b> (GRID4EU Coordinator) and <b>Christophe ARNOULT</b> (NICE GRID Coordinator).</p> <p>A1.5: Beyond AMI- From Smart Meters to Advanced Distribution Automation: <b>Aitor Arzuaga, Laura Marron &amp; Jon Garcia de Salazar</b>, CG Automation</p>	<p>Commissioner, FERC, USA</p> <p>B1.2 Integration of distributed generation into an unbundled market: <b>Christopher Villareal</b>, California PUC</p> <p>B1.3 Demand Response market (NegaWatt) potential in India: <b>Chris Hickman</b>, Innovari Inc</p> <p>B1.4 Model Smart Grid Regulations in India: <b>Vijay Sonavane</b>, Advisor, MERC</p> <p>B.1.5 Envisioning Smart Grid Policy, Regulatory and Technical Framework: <b>Ujjwal Deep Dahal</b>, Bhutan Power Corporation</p> <p>B1.6 Role of Microgrids in India's Smart Grid Framework – Regulatory Support: <b>Larisa Dobriansky</b>, General Microgrids</p>
15:30 – 16:00	Tea Break	
16:00-16:30	Presentation on IESS2047 by Mr. Anil Jain, Advisor Energy ,NITI Ayog, Gol	
16:30 – 18:30	<p><b>Plenary Session – 2: MODI ERA – India's Big Leap to Modernity?</b></p> <p>Chair: Bibek Debroy, Member, NITI Ayog *</p> <ol style="list-style-type: none"> <li>1. Jeffery D.Sachs, Director – Earth Institute, Columbia University (on Live Video)</li> <li>2. Elon Musk, Founder, SpaceX, Tesla and Paypal*</li> <li>3. Thomas Picketty, Professor, Paris School of Economics and Author of Capital in The 21<sup>st</sup> Century*</li> <li>4. Robert Lanza, Scientist &amp; Author of Biocentrism*</li> </ol>	
18:30 – 20:30	European Union – India Smart Grids Networking Evening (open to ALL)	

### EVENT DAY 3: 04 March 2015

Session Time	Session Details
09:30 – 11:00	<p><b>Plenary Session – 3: Smart Grid to Smart Cities and Smart Communities</b></p> <p>Chair: Dr. Sameer Sharma, Joint Secretary, Ministry of Urban Development, Govt of India*</p> <ul style="list-style-type: none"> <li>- Jesse Berst, Chairman, Smart Cities Council*</li> <li>- Richard Schomberg, EDF</li> <li>- Brian Spear, Managing Director, Trilliant Asia Pacific</li> <li>- Erfan Ibrahim, Founder &amp; CEO, The Bit Bazar LLC</li> <li>- Chandan Chaudhary, M.D., Dassault Systemes India</li> <li>- Prashant Pradhan, Director, Smarter Planet Solutions, IBM</li> <li>- Case Study of Kitakyushu City, Japan – by Alok Chandna, Fuji Electric</li> <li>- N.Venu, Head of Power Division, ABB</li> </ul>

02 – 06 March, 2015 | Bengaluru, India

11:00 – 11:30	<b>Tea Break</b>	
11:30 – 13:00	<b>Track A: Future Electricity Grid Supporting Low Carbon Energy Supply and Energy Security</b>	<b>Track B: Smart Energy – Vision for the Smart Grid Evolving Towards Smart Customers and Smart Cities /Communities</b>
	<b>Session A2: Evolving Integrated Grid with Distributed Generation</b> <i>Chair: Varsha Joshi, Joint Secretary, MNRE*</i>	<b>Session B2: Smart Cities &amp; Smart Homes and other emerging technology trends</b> <i>Chair: Tom Rowlandsree, Bloomberg New Energy Finance</i>
	<p>A2.1 Introduction: Tools for Forecasting, Scheduling and Dispatch of distributed generation; Renewable Energy Monitoring Centres etc.: <b>Christophe ARNOULT</b> (NICE GRID Coordinator)</p> <p>A2.2 Energy Storage solutions for grid stability: <b>Rahul Walawalkar, IESA</b></p> <p>A2.3 Renewable Energy Sources &amp; Distributed Generation Resources - Challenges to Transmission System Operators and Distribution System Operators: <b>Ravi Seethapathy, Smart Grid Canada</b></p> <p>A2.4 Characterization and Effectiveness of Technologies for India's Electric Grid Reliability and Energy Security: <b>Girish Ghatikar, Ranjit Deshmukh, Rongxin Yin, LBNL &amp; Ganesh Das, Tata Power Delhi Distribution</b></p> <p>A2.5 Green Corridor project in India/ PGCIL</p>	<p>B2.1 Internet of Things strategies for the Sustainable Smart City: Building an IPv6 communications Canopy for the future: <b>Bjorn Lindblom, CEO, Connode</b></p> <p>B2.2 Intelligent Connectivity as Fabric of Smart Cities: <b>Lalitha Suryanarayana, Ashok Tipirneni, Qualcomm Technologies</b></p> <p>B2.3 Evolution of the Smart Customer in Smart Cities: <b>Rupendra Bhatnagar, SAP</b></p> <p>B2.4 New Technology Trends: <b>Girish Ghatikar, LBNL</b></p> <p>B2.5 Case Studies: Barcelona Smart City - <b>Sandeep Pathak, Schneider Electric India &amp; ISGF BoG Member</b></p> <p>B2.6: Smart+Connected Communities: <b>Angshik Chaudhuri, Senior Director, CISCO</b></p>
13.00 - 14.00	<b>Lunch Break</b>	
14.00 - 15.30	<b>Track A: Future Electricity Grid Supporting Low Carbon Energy Supply and Energy Security</b>	<b>Track B: Smart Energy – Vision for the Smart Grid Evolving Towards Smart Customers and Smart Cities /Communities</b>
	<b>Session A3: Smart Distribution - Evolution of the Distribution Grid</b> <i>Chair: Jean Francois Faugeras, VP-EDF</i>	<b>Session B3: Smart Customer</b> <i>Chair: B.N.Sharma, Joint Secretary, Ministry of Power, India</i>
	<p>A3.1 Increasing the intelligence of the Distribution Grid to integrate distributed generation: <b>Jean Francois Faugeras, VP-EDF</b></p> <p>A3.2 Data Analytics for increased intelligence of Distribution Grid: <b>Jim Connaughton, C3 Energy</b></p>	<p>B3.1 Unlocking the value of Smart Meters with Behavioural Science: <b>Alex Lasky, Founder &amp; Chairman – OPOWER</b></p> <p>B3.2 Effective Customer Engagement for Smart Grid Project Success: Eco Grid EU and Nice Grid project examples: <b>Rémy GARAUDÉ VERDIER</b> (GRID4EU Coordinator) and <b>Christophe ARNOULT</b></p>

02 – 06 March, 2015 | Bengaluru, India

	<p>A3.3 Consequences of distributed generation for distribution networks: <b>Laurent Schmitt, Alstom Grid</b></p> <p>A3.4 Smart Micro Grids – Why so relevant for India?: <b>Terry Mohn, General Microgrids, USA</b></p> <p>A3.5 Nanogrids: <b>Dr Ashok Das, SunMoksha Power</b></p> <p>- Select Technical Papers</p>	<p>(NICE GRID Coordinator).</p> <p>B3.3 E-mobility and EV infrastructure solutions for India: <b>Prof. Rajit Gadh, SMERC, UCLA</b></p> <p>B3.4 Empowering the Smart Consumer: <b>Shiv Kaushik, Cyan Technologies</b></p> <p>B3.5 National Electric Mobility Mission in India : Representative of MoHI</p> <p>B3.6 Customer Engagement through Gamification: <b>Anindya Pradhan, Krishna Prasad etal, TCS</b></p>
15:30 – 16:00	Tea Break	
16:00 – 18:00	<p><b>Plenary Session – 4: International Collaboration, Joint Research, Development and Deployment Projects to bring down costs</b></p> <p><b>Chair: Agnese Cecchini, Editorial Director, Gruppo Italienergia, Italy</b></p> <ul style="list-style-type: none"> <li>- <b>GSGF: Paddy Turnbull, Chairman</b></li> <li>- <b>IEC: Frans Vreeswijk, General Secretary &amp; CEO</b></li> <li>- <b>ISGAN: Russel L .Conklin</b></li> <li>- <b>NEDO – Hiroshi Kuniyoshi, Executive Director</b></li> <li>- <b>Financing of Smart Grid Projects: Lee Burrows, Managing Director, Vantage Point</b></li> <li>- <b>Senior Representative of CIGRE*</b></li> <li>- <b>Presentation on Smart Grid Pilot Project at CESC Mysore: Kiran Kumar, Managing Director, CESC</b></li> <li>-</li> </ul>	
18:00 – 18:45	<b>Special Dinner Plenary : Myth and Mytha - Devdutt Pattanaik, Author and Motivational Speaker*</b>	
18:45 – 22.00	Cocktails, Cultural Program & Dinner	

## Event DAY 4: 05 March 2015

Session Time	Session Details
09.30 - 11.00	<p><b>Plenary Session – 5: Emerging Technologies that New India should embrace for the Big Leap!</b></p> <p><b>Chair: Rahul Tongia, Advisor to ISGF and Non-Resident Fellow, Brookings India</b></p> <ol style="list-style-type: none"> <li>1. <b>Amory Lovins, Rocky Mountain Institute (on Video)</b></li> <li>2. <b>Hiroshi Ishiguro, Director of Intelligent Robotics Laboratory at Osaka University (on Video)</b></li> <li>3. <b>Eric Dresselhuys, Silver Spring Networks</b></li> <li>4. <b>Chris Hickman, Innovari, Inc.</b></li> <li>5. <b>Janine M.Benyus, President, Biomimicry Institute - on Video</b></li> </ol>
11:00 – 11:30	Tea Break

02 – 06 March, 2015 | Bengaluru, India

11:30 – 13:00	<b>Technical Session-C: Cross Cutting Themes</b>	<b>Track B: Smart Energy – Vision for the Smart Grid Evolving Towards Smart Customers and Smart Cities /Communities</b>
	<b>Session C1: Standards and Inter-operability</b> <i>Chair: <b>Richard Schomberg</b>, IEC Smart Energy Chairman &amp; Vice President, EDF</i>	<b>Session B4: Smart Grid Communications and Cyber Security</b> <i>Chair: <b>Paul de Martini</b>, Managing Director, New Port Consulting Group, USA</i>
	C1.1 Smart Grids Standardization Roadmap by EU: European Commission – <b>Laurent Schmitt</b> , Alstom Grid & Smart Grid Coordination Group, CEN/CENELEC-ETSI/ SGCG C1.2 Smart Grid Architecture supporting Interoperability: <b>Ronald Ambrosio</b> , IBM and Gridwise Architectural Council* C1.3 Smart Grid Standardization Efforts in India: <b>D.Goswamy</b> , BIS C1.4 World Smart Energy Harmonization: <b>Richard Schomberg</b> , IEC C1.5 National Standards for Power Quality: <b>Sujeet Mishra</b> , RDSO	B4.1 Communication Standards for Interoperability: <b>Phil Beecher</b> , Wi-SUN Alliance B4.2 Last Mile Connectivity Solutions for Smart Grids and challenges in India: <b>Ajoy Rajani</b> , ISGF B4.3 Cyber Security for Smart Grids : <b>Sachin Burman</b> , Director, NCIIPC, India B4.4: Distribution System – Automation Technologies and its Cyber Security: <b>Vijayan S.R.</b> , ABB B4.5 Spotlight on Smart and Strong Electric Power Infrastructure: <b>Bo Normak</b> , <b>Susanne Ackeby</b> , ISGAN
13:00 – 14:00	<b>Lunch Break</b>	
14:00 – 16:00	<b>Track A: Future Electricity Grid Supporting Low Carbon Energy Supply and Energy Security</b>	<b>Track C: Cross-cutting Themes</b>
	<b>Session A4: Smart Metering</b> <i>Chair: <b>Colin McKerracher</b>, Bloomberg New Energy Finance</i>	<b>Session C2: Training and Capacity Building</b> <i>Chair: <b>Sunil Arora</b>, Secretary, Skill Development Ministry, Govt of India*</i>
	A4.1. Rollout challenges - worldwide experiences and lessons: BNEF Presentation A4.2 Global Technology Trends: <b>Eric Dresselhuys</b> , Silver Spring Networks A4.3 India's Smart Metering Market: <b>Rahul Tongia</b> , ISGF A4.4 Smart Metering Case Study: <b>Francesco Marini</b> , Enel, Italy A4.5 Don't Leave Your Customers Behind - Learn How to Unlock Smart Meter Value for Consumers: <b>Adam Welsh</b> , Opower	C2.1 Skill Development - the biggest challenge in India: <i>Ministry of Skill Development Presentation</i> C2.2 Capacity Building for Smart Grids and Smart Cities: <i>ISGF Presentation</i> C2.3 Regulatory Capacity Building: <i>CERC/FOR</i> C2.4 NSDCL and Skill Development Centres - <i>NSDCL</i> C2.5: International Examples: <i>USAID/ DoE; MKE/ S.Korea</i>
16:00 – 16:30	<b>Tea Break</b>	
16:30 – 17:30	<b>Closing Ceremony of Conference and Exhibition</b>	

\* Invited and confirmation awaited

02 – 06 March, 2015 | Bengaluru, India

### PARALLEL EVENTS

Session Time	Session Details
9.30-17:30	<b>Event DAY 1: 02 March 2015;</b> <b>US-India Smart Grid Workshop sponsored by USTDA</b> (Please register at: <a href="http://regonline.com/indiasmartgridbangalore">regonline.com/indiasmartgridbangalore</a> )
18.00 - 21.00	<b>Cocktails</b>
9:30 -11:00	<b>Smart Grid Tutorial and Master Classes</b>  1. Introduction to Smart Grids: <b>Rahul Tongia &amp; Pradeep Kumar Yemula</b>
11:30 -13:00	2. Communication Technologies for Smart Grids and Smart Cities – <b>Ajoy Rajani &amp; Kishore Narang</b>
14:00 -18:00	MASTER CLASSES (Parallel Tracks)  a. IEC 61850 by <b>Christoph Brunner</b> , Chair of IEC Working Group on 61850 in TC-57 b. Cyber Security by <b>M. Zaki</b> , NCIIPC, <b>N. P. Singh</b> , NCIIPC, <b>Faruk Kazi</b> , VJTI, <b>Hem Thukral</b> , ISGF c. Energy Storage Technologies by <b>Rahul Walawalkar &amp; Ravi Seethapathy</b> , Smart Grids Canada d. Smart Microgrids by <b>Terry Mohn</b> , General Microgrids Inc & <b>Erfan Ibrahim</b> , The Bit Bazar LLC
<b>Event DAY 2: 03 March 2015</b>	
Session Time	Session Details
13:00-16:30	<b>ISGAN Annexe-6 (POWER T&amp;D SYSTEMS) Workshop:</b>  <b>Microgrids – A system approach for deployment of renewable energy</b>  Workshop Chair: <b>Bo Normark</b> , ISGAN - Chair Annex 6  Expert Panel:  1. <b>Terry Mohn</b> , General Microgrids Inc & Microgrid Alliance UN 2. <b>Ken Hayles</b> , Eskom, South Africa 3. <b>Nick Singh</b> , Eskom, South Africa 4. <b>Anders Lindskog</b> , SP Technical Research Institute of Sweden 5. <b>Rahul Walawalkar</b> , India Energy Storage Alliance  (Participation by invitation only. Please write to: <a href="mailto:c.amritha@indiasmartgrid.org">c.amritha@indiasmartgrid.org</a> )
14:00 -15:30	<b>Track D: Technical Paper Presentation</b>
	<b>Session D1:</b> 1. Secured Information Exchange In Smart Grid: <b>Deepika Barik, Dibyaraj Krishna Behera</b> (NIT, Rourkela)

02 – 06 March, 2015 | Bengaluru, India

	<ol style="list-style-type: none"> <li>Analysis of adaptive over current protection schemes for active distribution network: <b>Harikrishna M, Sai Sasank K, Dr. Premalata Jena (IIT Roorkee)</b></li> <li>Optimal Energy Scheduling for a Smart Home Integrated with Solar PV and Battery Energy Storage: <b>Batchu Rajasekhar, Naran Pindoriya (IIT Gandhinagar)</b></li> <li>Get smart with Smart Grids: <b>Debasis Mohapatra (PwC)</b></li> <li>Communication Backbone for the Smart Grid Infrastructure: <b>Narang N. Kishor (NARNIX)</b></li> </ol>
--	---

### Event DAY 3: 04 March 2015

Session Time	Session Details
11:30-15:30	<p>Luncheon session - “<b>Smart Regulations for Smart Grids</b>” for Regulators and Policy Makers</p> <p>Speakers:</p> <ol style="list-style-type: none"> <li><b>Sudeen G.Kelly</b>, Former Commissioner, FERC</li> <li><b>Chris Hickman</b>, President &amp; CEO, Innovari Inc; and Advisor to Secretary of Commerce, USA on Renewable Energy</li> <li><b>Vijay Sonavane</b>, Advisor, MERC</li> <li><b>Paul Fieldman</b>, Director (and past Chairman), MISO</li> <li><b>Balawant Joshi</b>, Partner, Edam Infra</li> <li><b>Lee Burrows</b>, Managing Director, Vantage Point</li> </ol> <p>Key topics:</p> <ol style="list-style-type: none"> <li>Model Smart Grid Frameworks to support positive regulatory change to new technologies.</li> <li>Regulatory Examples from around the world to enable the Demand side. A discussion of many different countries and regulations and to see what has worked and what has not worked.</li> <li>Market Structures – How are the different markets working? From fully unbundled to vertically integrated, where have electricity grids been able to provide higher levels of reliability while maintaining affordable cost?</li> <li>Regulatory implications of amendments proposed in the Electricity Act 2003</li> <li>Regulations for Separation of Carriage and Content - Experiences and Recommendations</li> <li>How the market views utility investments in Smart Grid?</li> </ol>
11:30-13:00	<p><b>Track D: Technical Paper Presentation</b></p> <p><b>Session D2:</b></p> <ol style="list-style-type: none"> <li>Considerations in Standardization for Demand Response Ready Air Conditioners in India: <b>Nihar Shah, Girish Ghatikar, Nikit Abhyankar, Amol Phadke (LBNL)</b></li> <li>Smart Metering and Demand Response: <b>Sujay Kumar Saha, Vikas Arora (TPDDL)</b></li> <li>Smart Metering Technology: The Evolving Economy of Smart Distribution: <b>Priyamvada Chandel, Tripta Thakur, B.A. Sawale (CPRI Bhubal)</b></li> <li>Study of DC Microgrid Accompanying with Renewable Energy Sources for Rural Application: <b>Tathagata Sarkar, Tathagata Sarkar, Prof. Hiranmay Saha &amp; Prof. Konika Das (Bhattacharya) (IEST Shibpur, Howrah)</b></li> <li>The Grid+ project: connecting smart grid initiatives in the future European electricity grid: <b>Pieter Vingerhoets, Kristof May, Ronnie Belmans, Patrick Turnbull (Energyville, GSGF)</b></li> <li>Monitoring and analysis of Oscillations in Southern Regional grid: <b>Sudeep M, T Muthukumar &amp; S. P. Kumar (POSOCO)</b></li> </ol>

02 – 06 March, 2015 | Bengaluru, India

14:00 -15:30	<b>Track D: Technical Paper Presentation</b>
	<b>Session D3:</b> <ol style="list-style-type: none"> <li>1. Practical Approach to Predictive Analytics using IoT/Big Data – Asset Fitness Center: <b>VSSN Srinivasa Murthy, B Sivarama Krishnan</b>(Bahwan CyberTek)</li> <li>2. Application of PHEVs for smart grid in Indian power sector: <b>Eshwar Pisalkar, Parita Bhojani, Abhijeet Pathade</b> (UPES)</li> <li>3. Best Practices in Smart Metering Policy and Implementation: <b>Apoorv Nagpal, Vivek Dhariwal</b>(EVI)</li> <li>4. Carefully designed Smart Grid / Metering programs can resolve developing world's unique challenges: <b>Sudhanshu Gupta, Soumitra Pandey</b> (E &amp; Y LLP)</li> <li>5. Dynamic Energy Management on Smart Micro Grid: <b>Prasanna Vadana D, Sasi K Kottayil</b>(Amrita University)</li> <li>6. Leveraging AML for Enhanced and Improved OMS: <b>Sandeep Pathak</b>(Schneider)</li> </ol>
<b>Event DAY 4: 05 March 2015</b>	
<b>Session Time</b>	<b>Session Details</b>
11:30-15:30	<p>Special Luncheon session and launch of ISGF's <b>Smart Utilities Group (SUG)</b></p> <p>SUG is a voluntary forum for utilities to share their experiences and learn from each other on smarter initiatives and implementation of new technologies. For details write to: (<a href="mailto:c.amritha@indiasmartgrid.org">c.amritha@indiasmartgrid.org</a>)</p> <p><b>Agenda:</b></p> <p>Introduction and launch of SUG</p> <ol style="list-style-type: none"> <li>1. Election of a Chair for SUG</li> <li>2. Finalization of framework for SUG functioning</li> <li>3. Presentation: Electricity Act 2003 Amendment (proposed) – Challenges to Regulators and Utilities</li> <li>4. Presentation: Changes in Business Processes and IT Systems of Discoms with separation of Carriage and Content as envisaged in the Electricity Act 2003 Amendments: <b>Presentation by SAP</b></li> </ol>
11:30-13:00	<b>Track D: Technical Paper Presentation</b>
	<b>Session D4:</b> <ol style="list-style-type: none"> <li>1. Energy Access in South Asia: Incubating Innovation in Rural Electrification through Off-grid Solutions: <b>Abhijith Jayanthi</b>(Sonnergie UG, Munich)</li> <li>2. Fast Identification of Fault Location with Fault Passage Indicators under Network Reconfiguration: <b>Pradeep Kumar Yemula, Viplav Chaitanya</b>(IIT Hyderabad)</li> <li>3. Open Automated Demand Response: Industry Value to Indian Utilities and Knowledge from the Deployment: <b>Rajesh V. Poojary, Girish Ghatikar, G. Ganesh Das</b> (LBNL &amp; Honeywell)</li> <li>4. Oracle Utilities Analytics: <b>Balu Ramasamy, Steven Windsor</b>(Oracle Corporation)</li> <li>5. Power Management of a Hybrid Microgrid: <b>Md. Umar Hashmi, Jayesh G. Priolkar</b>(IIT Bombay, Goa College)</li> </ol>
14:00-15:30	<b>Track D: Technical Paper Presentation</b>
	<b>Session D5:</b>

02 – 06 March, 2015 | Bengaluru, India

	<ol style="list-style-type: none"> <li>1. High availability automation network in Digital Substation using PRP and HSR redundancy protocol: <b>Suraj Kumar Pardeshi</b>(CG Global R&amp;D Center)</li> <li>2. An Assessment of a Cost-effective Demand Response Scenario A case study for Jordan: <b>Eg. Mazen alnabulsi, Ibrahim Hasasn</b>(NEPCO)</li> <li>3. Real-Time Control Of Power Distribution using LT and HT Smart Grid Switches: <b>G.V.Sukumara, Ashwin K. Gonibeed</b>(PRAPATI Chennai &amp; New York)</li> <li>4. Simulating a Connected Micro-Smart Grid: <b>Himank Shanker, Prof. Amit Garg, Mayank Tibrewala, Shreya Chandra Shekar, Jyoti Maheshwari</b>(IIM Ahmedabad)</li> <li>5. Estimation of Potential and Value of Demand Response for Industrial and Commercial Consumers in Delhi: <b>Ranjit Deshmukh, Rongxin Yin, G. Ghatikar</b>(LBNL)</li> <li>6. Automating LV Distribution Networks using sensor technologies: <b>Jayant Sinha</b>(Enzen Global)</li> </ol>
<b>ISGF – TiE - IAN Smart Innovation Hub: 03-04-05 March 2015</b>	
<p>ISGF in collaboration with The Indus Entrepreneurs (TiE) and Indian Angel Network (IAN) is organizing Smart Innovation Hub at ISGW 2015 where start-ups and entrepreneurs can exhibit their technologies/solutions to potential, clients, technology partners, investors and business associates. Smart Innovation Hub will be at the exhibition floor and will be open on 03-04-05 March 2015.</p> <p>For details write to: <a href="mailto:akshay@indiasmartgrid.org">akshay@indiasmartgrid.org</a></p>	

### Technical Committee for ISGW 2015

1. Mr. Vijay Sonavane, Ex-Member, MERC, Chair of Technical Committee for ISGW 2015
2. Mr. Richard Schomberg, EDF, Co-Chair of Technical Committee for ISGW 2015
3. Mr. Colin Mckerracher, Global Lead - Smart Grid Analysis, Bloomberg New Energy Finance (BNEF), Knowledge Partner
4. Mr. Debdas Goswamy, Bureau of Indian Standards, BIS
5. Mr. L Ravi, General Manager, DAS & SG, Bangalore Electricity Supply Company Limited
6. Mr. N S Sodha, Executive Director, Power Grid
7. Mr. S A Khaparde, Professor, IIT Mumbai
8. Mr. U S Mane, Independent Director, UHVBVN
9. Mr. Ajoy Rajani, Senior Vice President, Reliance Infrastructure Ltd and BoG Member ISGF
10. Mr. Pradeep Kumar Yemula, Assistant Professor, IIT Hyderabad and BoG Member ISGF
11. Dr. Rahul Tongia, Advisor, ISGF
12. Prof Rajit Gadh, University of California, Los Angeles
13. Dr. Girish Ghatikar, Lawrence Berkeley Laboratory, USA
14. Mr. Terry Mohn, CEO, General MicroGrids, USA
15. Dr. Rahul Walawalkar, Executive Director, India Energy Storage Alliance
16. Mr. Ravi Seethapathy, Director, Smart Grid Canada

02 – 06 March, 2015 | Bengaluru, India

### Advisory & Organizing Committee for ISGW 2015

1. Mr. Hiroshi Kuniyoshi, Executive Director, NEDO, Japan
2. Mr. N Murugesan, Director General, Central Power Research Institute
3. Mr. Paddy Turnbull, President, Global Smart Grid Federation (GSGF)
4. Mr. Pankaj Kr Pandey, Managing Director, Bangalore Electricity Supply Company
5. Mr. R M Agarwal, DDG (NT), Ministry of Communication & IT, DoT
6. Mr. R R Mehta, CEO Reliance Infrastructure Ltd.
7. Mr. Reji Kumar Pillai, President ISGF
8. Mr. Rupendra Bhatnagar, SAP and Gen. Secy. ISGF
9. Mr Sandeep Pathak, Schneider Electric India & BoG Member, ISGF
10. Mr. Russel L Conklin, International Smart Grid Action Network
11. Mr. V. K. Kanjila, (CBIP), Treasurer, ISGF
