## Powerline Communication (PLC)

---

---

**First and most important:**

**Powerline Communication  
DOES WORK on The INDIAN's GRID**

---

---

**The benefits you get when using PLC that you can not get with any other communication technology:**

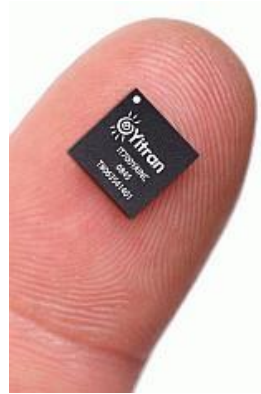

- 1) INDEXING & TAGGING**
  - 2) PHASE IDENTIFICATION**
-

---

**That was on top of having:**

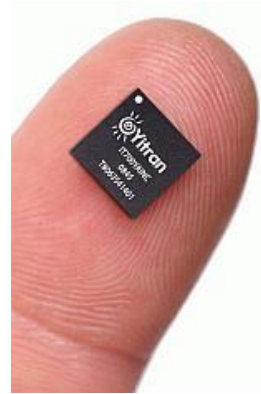

- 1) A Reliable communication**
  - 2) Ease of Installation**
  - 3) Free of Maintenance**
-

---

**Once you use PLC you are open to a full ECOSYSTEM**

- 1) Roof Top Solar Panel communication**
  - 2) Home Energy & Battery Energy Storage**
  - 3) Street Light Communication**
-

---

**We will soon announce success stories of smart meters installations in INDIA that have shown the benefit of using Powerline Communication**

---

---

**THANK YOU**
