India Smart Utility Week (ISUW 2020)

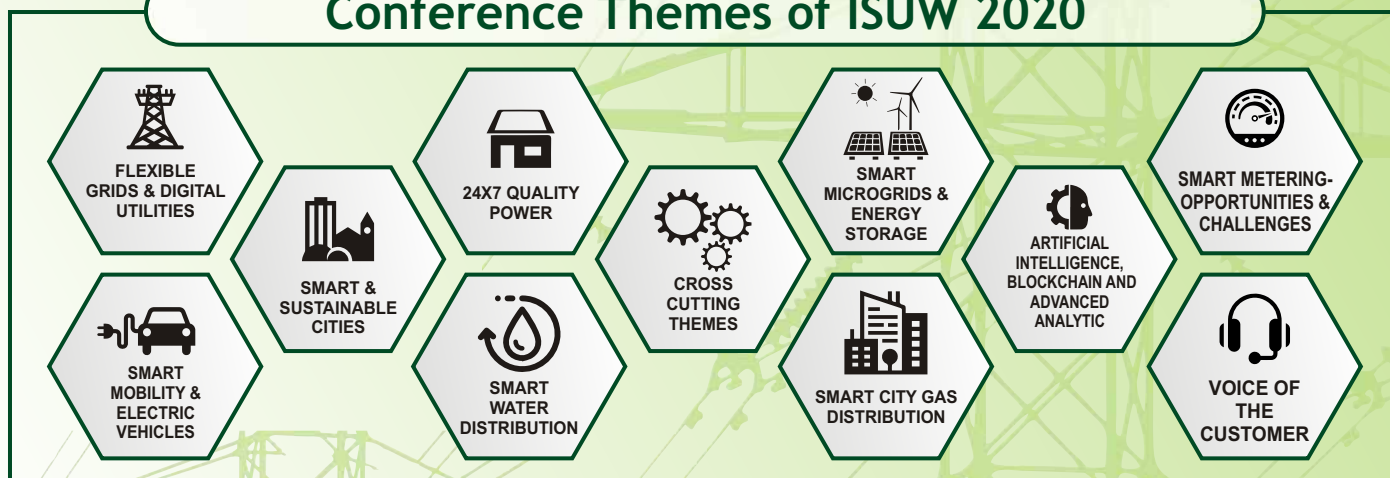

ISGF has been organising its flagship annual event, India Smart Grid Week (ISGW) since 2015 and it is considered as one of the top five international events on Smart Grids and Smart Cities. With launching of 100 smart city projects by the Government of India, water and city gas distribution utilities will also need to equip themselves with latest technologies for improved operational efficiency and successful integration into the smart city systems. However, lack of effective policy and regulations both at the central and state level along with inadequate safety guidelines, standards, business models act as barriers for its growth. In order to address all the challenges and to discuss future technologies and opportunities, we have transformed the India Smart Grid Week (ISGW) to India Smart Utility Week (ISUW) in 2019. From the overwhelming feedbacks we received, ISUW 2019 was an astounding success, attended by over 1800 + delegates and 288 speakers from 41 countries.

ISUW 2020 is planned from 03 - 07 March 2020 in New Delhi. ISUW 2020 will be organised as an International Conference and Exhibition on Smart Energy and smart mobility for Smarter Cities. ISUW 2020 will bring together India's leading Electricity, Gas and Water Utilities, Policy Makers, Regulators, Investors and world's top-notch Smart Energy Experts and Researchers to discuss trends, share best practices and showcase next generation technologies and products in smart energy and smart cities domains. ISUW 2020 will include plenaries, keynotes, interactive workshops, high level roundtables and technical sessions on variety of topics.

Event Structure of ISUW 2020

Conference Themes of ISUW 2020

* Program under finalization

Bilateral Workshops at ISUW 2020

3rd France - India
Smart Grid Workshop

04th Sweden-India
Smart Grid Workshop

6th US - India
Smart Grid Workshop

9th EU-India
Smart Grid Workshop

ISUW 2020: Master Classes | 03 March 2020

Theme-1
Grid Modernization

Theme-2
E -Mobility

Theme-3
Disruptive Technologies

ISGF Innovation Awards 2020 | 06 March 2020

ISGF is organising the 4th edition of Innovation Awards as part of ISUW 2020 to foster and recognize break through innovations in Smart Grid and Smart City Domains

Nomination Categories

Sr. No.	Award Categories
1.	Best Smart Grid Project in India by Utility
2.	Best Smart Grid Project in India by Technology Company
3.	Most Reliable Supply of Electricity by Utility in India
4.	Smart Technology <ul style="list-style-type: none"> a. Electricity - Generation, Transmission, Distribution and RE Integration b. Gas Distribution c. Water Distribution
5.	Innovative EV Design and EV/ EVSE Rollouts of the Year <ul style="list-style-type: none"> a. 2- Wheeler b. 3- Wheeler c. 4- Wheelers and d. Public Transportation Vehicles e. EV/ EVSE Rollouts
6.	Smart Start-up of the Year
7.	Smart Incubator of the Year
8.	ISGF President's Award for the Best Contribution towards growth of Smart Grids in India

Highlights of 2019

10 Award Categories

133 Shortlisted
Nominations

83 Organisations
Participated

18 Winners

Last date to submit Nominations: 15 December 2019
