

8th US – India Smart Grid Workshop - Trilliant

**Speaker : *Greg Myers, VP Solutions Product
Management, Trilliant***

Trilliant

Trilliant is a Connectivity Company

We provide infrastructure solutions that enable actionable intelligence with an **open and secure** communications platform and approach.

We believe that the next generation smart solutions will be built on a network that allows for the **frictionless exchange of data** will propel the energy industry to a bright future.

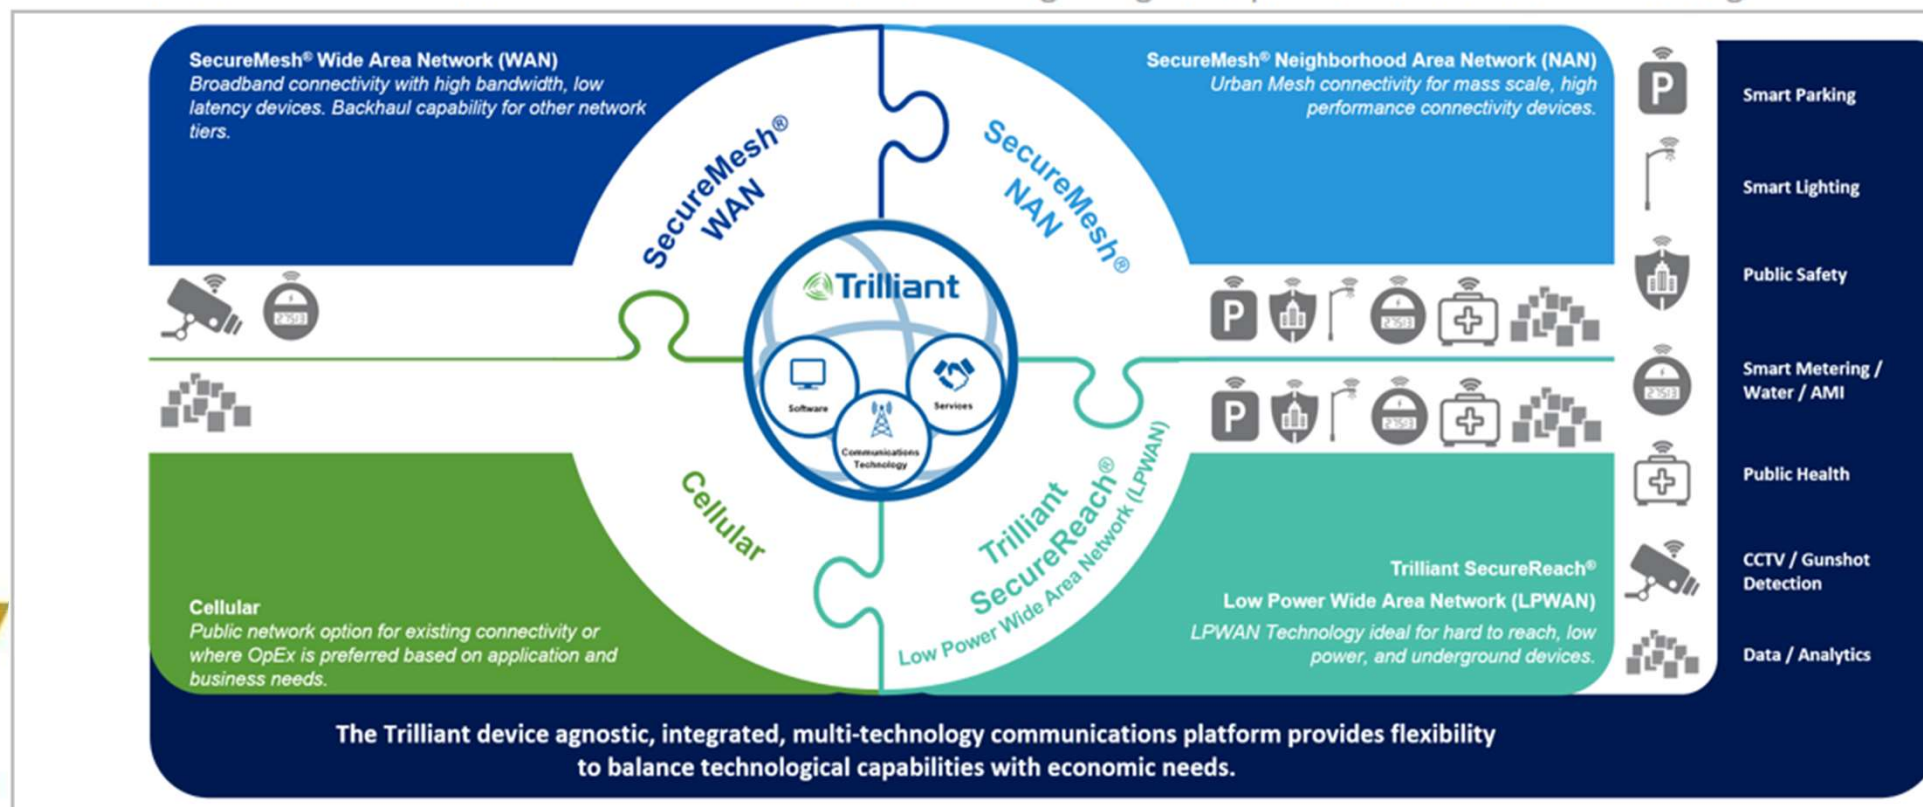

Our advanced **hybrid wireless communication** platform is designed to work with any system to provide a secure, powerful source of data now and for generations to come.

We Empower You – By Connecting the World of Things®

Integrated Approach

The ONLY Mission-Critical Communications Platform Integrating Multiple Communication Technologies

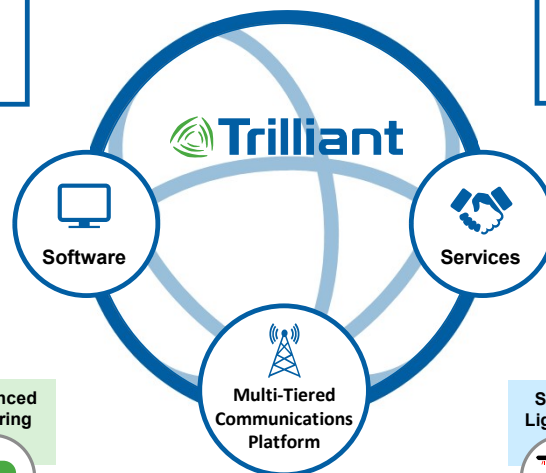

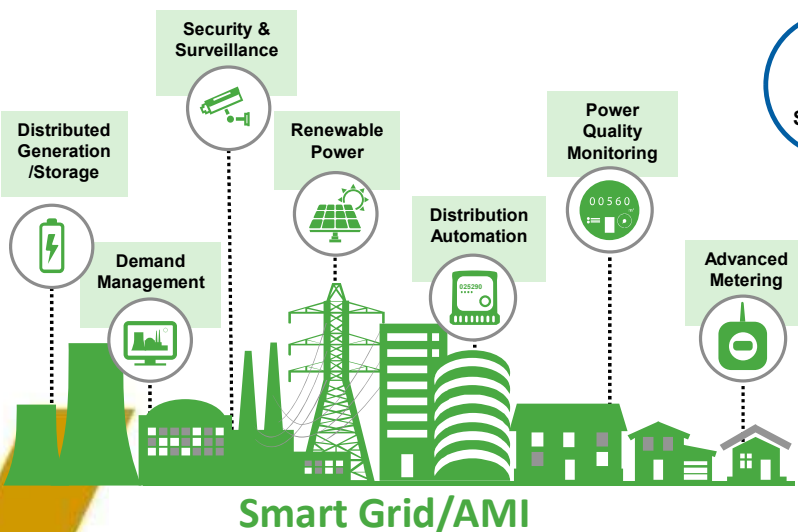

Trilliant a Connectivity Company

Hybrid Communication Platform:

- Multi-Tiered Network (5.8GHz/2.4GHz RF Mesh & LPWAN)
- 3rd Party Cellular/NB-IoT Integration into Single HES
- Redundant, Scalable, High Capacity
- Smart Grid & Smart Cities Applications
- End-Device Agnostic

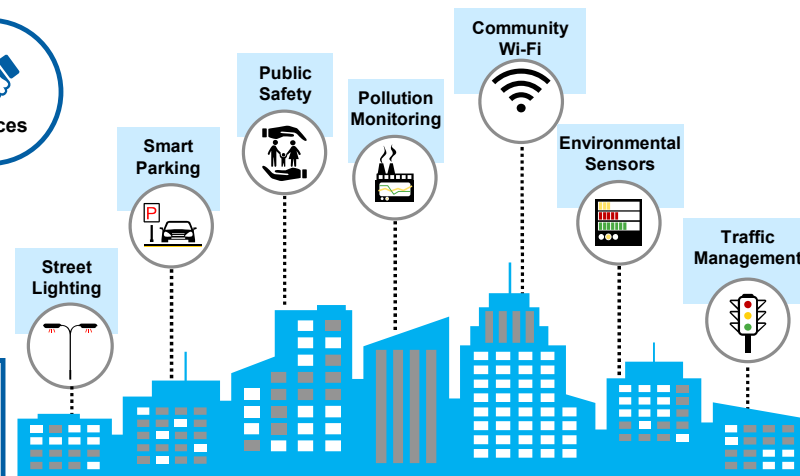

UnitySuite® Software:

- Multi-application suite of modules
- 3rd party applications suite
- Cross-application, integrated business intelligence module
- Multi-Protocol Support (Transparent, DLMS/COSEM, ANSI, Smart Energy Access Layer, IPv4/IPv6)

Partnership Approach:

- Network Engineering & Design
- Systems Integration
- Project Management/Delivery
- Maintenance and Support

Global Leader

- 31M+ Endpoints Deployed
- Networks operating in 50 Countries
- TNB Malaysia
 - 18 Meter OEM's integrated
 - 1.8 Million meters installed
- EESL India
 - 6 Meter OEMs integrated
 - 1.4 Million meters installed

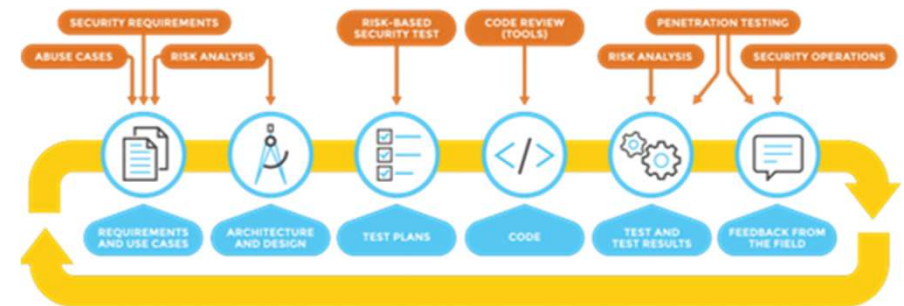

An RWE company

Highly scalable, configurable software for utilities

- Meter Data Collection (remote and on-site)
- Alarms + notifications
- Energy balances + theft detection
- Demand response
- Outage detection
- Power quality
- Validation, estimation and edition

Meter Vendor Agnostic

If a device can be read, we'll read it. Over 300 meter models globally
